

### Single Carriage Three System Zero Finishing Yarn Comb System

Single carriage three system zero finishing yarn comb system, which can be achieved automatic reset function, to ensure that the probe in any area of the tilt, can be automatically righted. The innovative design of two-point induction ensures that the probe immediately stops when it hits the floating piece or the broken needle, so as to realize the ultra-sensitive performance of probe induction. Welcome to buy single carriage three system zero finishing yarn comb system from

Qiangsheng. Every request from customers is being replied within 24 hours.

Qiangsheng is one of the famous single carriage three system zero finishing yarn comb system manufacturers and suppliers in China. Over the past 35 years, we have been focusing on the production and development of single carriage three system zero finishing yarn comb system. With our rich professional experience and strong technical support, we have established a relatively complete marketing network and after-sales service system. After years of scientific research and development and market development, our single carriage three system zero finishing yarn comb system has covered China, Europe, Africa, South America, Argentina and other multinational fields, and is favored by domestic and foreign customers. Core technology: This machine does not need intermediate yarn. waste yam and manual work. Our new machine features enable intelligent energy saving and efficiency. Core value: increase economic benefits for users of knitting industry the society. Return on Investment: less investment, fast return.

**Single Carriage Three System Zero Finishing Yarn Comb System Feature:**

Automatic reset function, which ensures any deviation of the probe can be reset automatically regardless of the area.

A new innovative design of two-point induction guarantees immediately stop alarm when touching floating cloth or occurs any broken needles.

Super-sensitive automatic reset probe only works in current weaving width area, no false alarm beyond this. Freely operation, energy efficiency.

**Single Carriage Three System Zero Finishing Yarn Comb System Parameter:**

Gauge	5G、7G、8G、9G、10G、12G、13G、14G、
Carriage	Single Carriage Three System Zero Finishing Yarn Comb System
Knitting Range	44,752"/60"

Specifications and Coonfigurations Should Be Subjected To The Contract.
